

Title of lecture

“Application of computer in Chemistry”

Date: 30/10/2014

Department of Chemistry of **SADHU VASWANI COLLEGE, BAIRAGARH** organized a lecture on 30/10/2014. The lecture was delivered by Dr. Sujoy Das, Associate Professor in Department of Math's and Computer Application in MANIT Bhopal. The topic of lecture was **“Application of computer in Chemistry”**.

Dr. Das explained uses of computer in chemistry in which students got the idea how the computer is useful in chemistry.

He talked about chemometrics means use of computers in experimental measurements. He explained how computer can be used in setting virtual laboratory and he explained cheminformatics and computational chemistry that helps in implementation of theories of chemistry by computer.
