Online Training Programme started with the Inaugural Programme at 11:00 AM. It was inaugurated by Dr.A.K.Singh, Principal, Sadhu Vaswani Autonomous College, Bairagarh,,Bhopal,Shri Dayal Das Detani Ji, President, Sadhu Vaswani education society and Shri Rajendra Manwani ji, Secretary, Sadhu Vaswani education society by lighting the lamp.

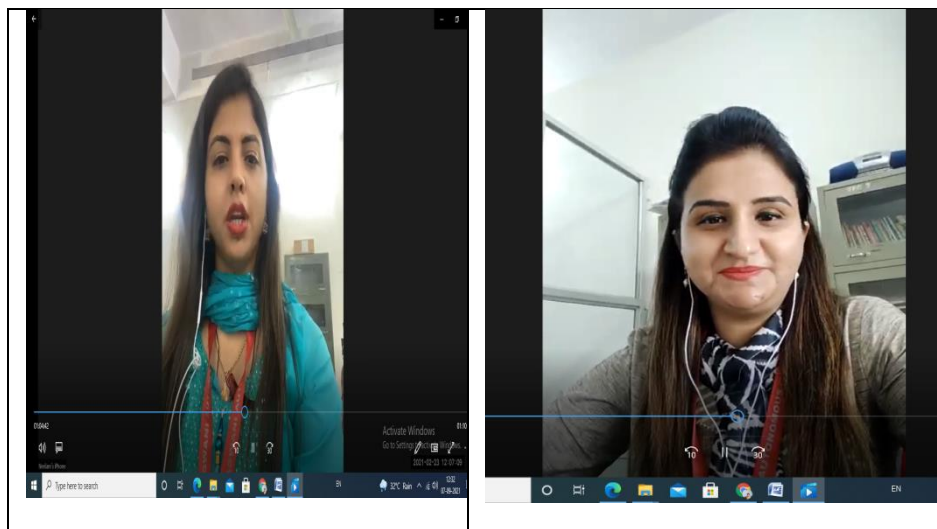

In the inaugural, Shri Dayal Das Detani Ji ,President, Sadhu Vaswani Education Society delivered the welcome address Shri Rajendra Manwani ji, Genral Secatary of Sadhu Vaswani Education Society gave a motivational speech.A brief introduction of college was given by Dr.A. K. Singh, Principal, Sadhu Vaswani Autonomous College, Bairagarh,,Bhopal. Dr. Suman Malik academic director of the college and co-coordinator of the webinar brief the audiences about the webinar and Ms Aarti Makhijani introduced the participants with first recourse person Dr. Anil Rajput, Principal, CSA Govt. PG Nodal College Sehore (M.P.)

Dr. Anil Rajput explained that MS word is a full-fledged platform for thesis writing. If someone wants to use any particular software while writing their thesis they can use it by using add on option in MS word. he gave some tips for writing thesis in MS WORD .He gave suggestion for customize interface and functions and preparing a template, which we can share with others like our co-author or research scholar and at the same time two persons can do changes in the thesis by sharing it. Then he narrated how to use different options given in word for different purpose. He explained the usage of auto format option for formatting the document and guided to use custom dictionary. He explained about auto save and auto recovery options, further he explained how to use reference option for making table of content. He described how to inset pictures and charts in thesis and option for its formatting then he explained how we can give captions to

figures and tables. He expounded the usage of cross reference option and how to insert foot note and he gave information about alternative text editor softwares.

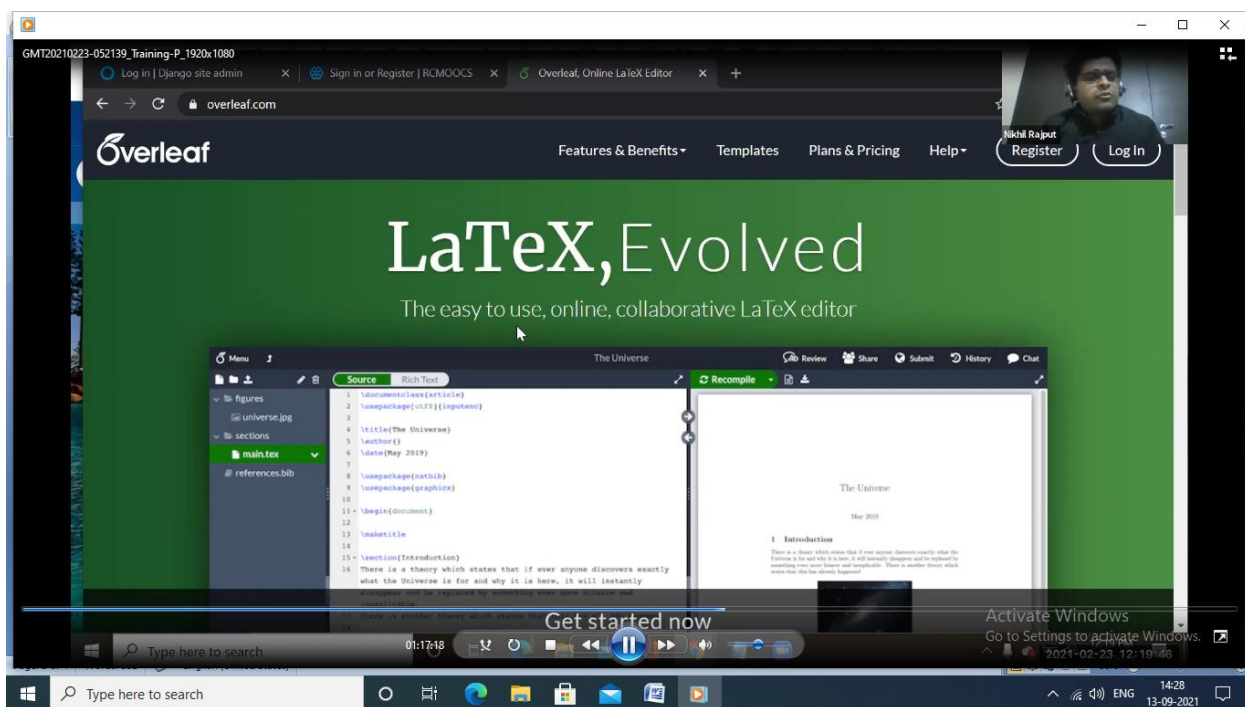

At the end of the first sessions the joint organizing secretaries Ms Kanta Balchandani and Ms Neelam khatwani, asked quires of participant from delegate speaker Dr. Anil Rajput sir and doubts of the

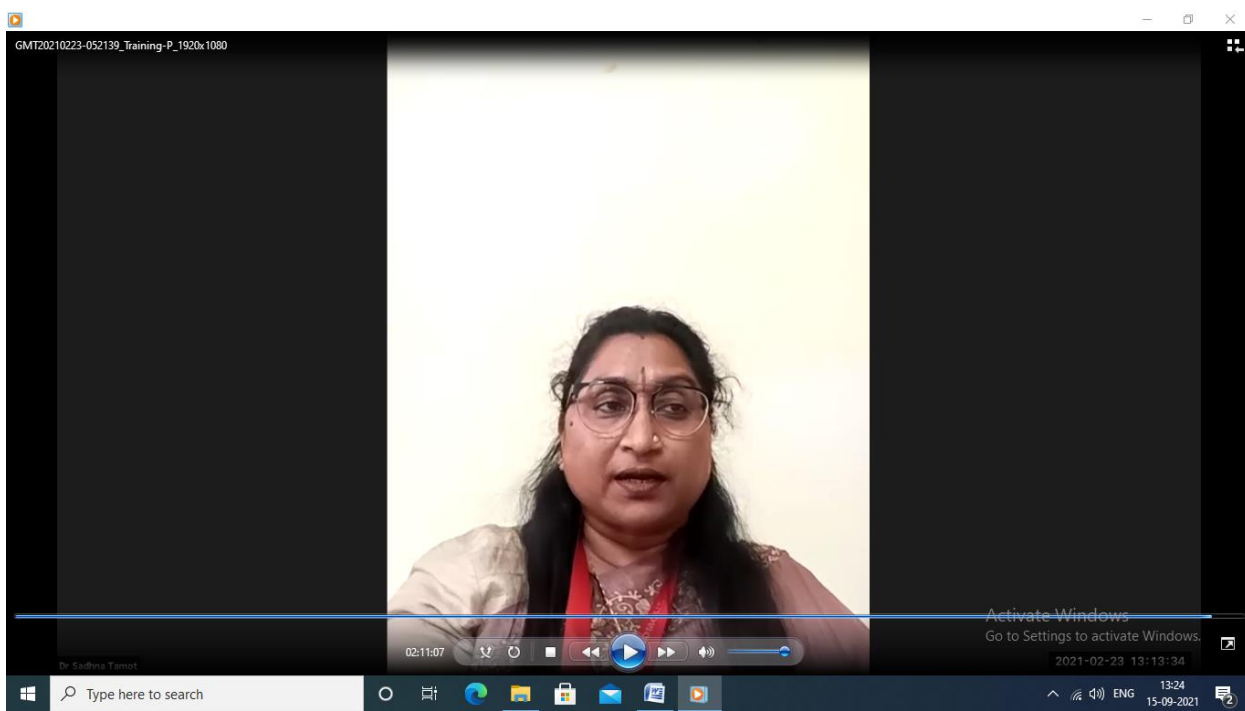

participants was cleared.

The final session of training program was started at 12.20 P.M. with brief introduction of esteemed resource Person Dr. Nikhil Kumar Rajput, Asstt. Professor, Department of Computer Science, Ramanujan College, University of Delhi by Joint Organising Secretary Aarti Makhijani.

At 12.230 Dr. Nikhil Rajput started the last session on 'Writing Using LaTeX' by explaining about different soft ware tools we use in research and role of latex software as a research software tool. He describe that overleaf software is well suited platform for using latex we can get entered to this software by simply type overleaf.com in browser after opening the homepage of overleaf software we have to register ourselves in it as we do in case of accessing other softwares or we can get register also by our Google account. After get registered to first time we have to click on create first project option and there we get all the research options. Further Dr. Nikhil Rajput sir illustrated How to create blank project, how to save it by giving a name then he described about document class like book, article, thesis and presentation, he described that by using academic journal option how can be create templates of our choice and about the different blank codlings and its usage.

The session was very interactive and participants asked queries and answered by Dr. Nikhil Rajput. Vote of thanks proposed by Dr Sadhna Tamot organizing sectary of the Webinar and the session was sum up by Dr Supriya Das Convener of the webinar.

A national webinar on "Issues & Challenges of Mental Health in Higher Education" was organized on 18th February 2021 in Sadhu Vaswani Autonomous College by Commerce Department. The keynote speaker was Dr. R. K. Acharya, Vice Chancellor APS University, Rewa and Dr. Vinay Mishra Psychologist, Professor & Head, Department of Psychology, BSSS College, Bhopal

Webinar started at 11:00 AM and around 176 participants joined the session. The event started with an opening remark by Sh. Dayal Das Detani, chairman of Sadhu Vaswani Autonomous College, wherein he extended his warm welcome to the participants and resource persons of the webinar. Dr. A. K. Singh, Principal of Sadhu Vaswani Autonomous College, gave an introduction about the college; he told that the college built up in 1979 with very few resources but today the college is touching a new dimension. After that, Dr. B. D. Pandey, Convenor of Webinar, gave a brief introduction of the Webinar. Honorable Sh. Acharya Ji said that mental health problems can affect many areas of a student's life, reducing their quality of life, academic achievement, physical health and satisfaction with the college experience and negatively impacting relationships with friends and family members. These issues can also have long-term consequences for students, affecting their future employment, earning potential and overall health. Then our second keynote speaker explained the actual reasons of mental health problems are

- Frequent negative emotions (depression, sadness, hopelessness, etc.)
- Changes in eating or sleeping habits
- Withdrawal from social interactions
- No longer participating in favourite hobbies or activities
- Neglecting personal appearance and/or hygiene
- Eating disorder
- Anxiety

There is a need to be more social instead of being on social media. He told us some small tricks to relax. Overall it was a good session for every age group person. Webinar ends with a question-answer and feedback session.

Brief Report of National Webinar on "Universal Human Values in Higher Education" Held on 13 th February, 2021 at Sadhu Vaswani Autonomous College, Bairagarh, Bhopal

Department of Chemistry, Sadhu Vaswani College, Bairagarh, Bhopal organized National Webinar on "Universal Human Values in Higher Education," on 13th February, 2021. The guest speaker was Dr. Ramancharla Pradeep Kumar, Professor of Civil Engineering & Head, Earthquake Engineering Research Centre, IIIT Hyderabad . The webinar was attended by about 383 participants on Zoom App Online Platform:-

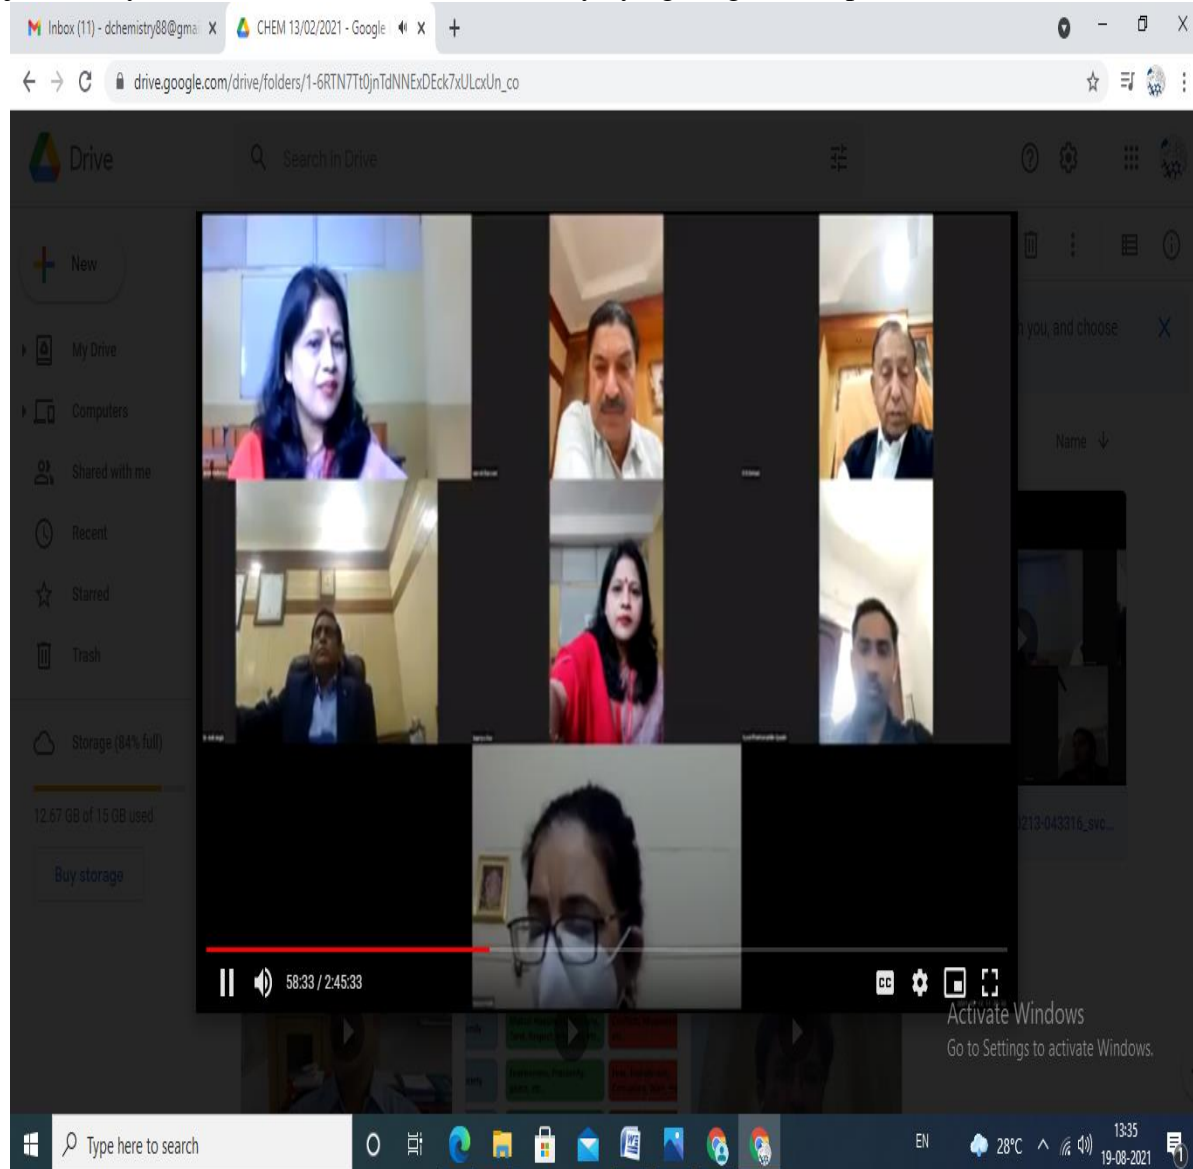

<https://us02web.zoom.us/j/7554773380?pwd=NGtmSHlrTWU1dDhVSdA4NWFsTVBB>

YouTube Link:- <https://www.youtube.com/watch?v=jXL80gmREkM>

The Webinar started with the Inaugural Programme at 11:00 AM. It was inaugurated by Dr.A.K.Singh ,Principa, Sadhu Vaswani Autonomous College, Bairagarh,,Bhopal,Shri Dayal

Das Detani Ji ,President, Sadhu Vaswani education society and Shri Rajendra Manwani ji,Secatary , Sadhu Vaswani education society by lighting the lamp.

In the inaugural, Shri Dayal Das Detani Ji ,President, Sadhu Vaswani Education Society delivered the welcome address ,Shri Rajendra Manwani ji, Genral Secatary and Sh. Hemant Aswani ji, Auditor of Sadhu Vaswani Education Society gave a motivational speech .A brief introduction of college was given by Dr. A .K. Singh, Principal, Sadhu Vaswani Autonomous College, Bairagarh,,Bhopal. Dr .Suman Malik academic director of the college and co-coordinator of the webinar brief the audiences about the webinar and Ms Aarti Makhijani introduce the participants with guest speaker Dr. Ramancharla Pradeep Kumar.

• Workshop Contents...

- Current Status
- Basic Human Aspiration
 - Individual, Family, Society and Nature
- Values and Ethics
- Conclusions

Dr. Ramancharla Pradeep Kumar explained that the basic human aspiration is happiness and its continuity and our expectation from education system is to facilitate understanding what to do and learning how to do it .The gap between what we really want and what we currently are. This gap is the cause of unhappiness and to live in alignment with our innate acceptance is happiness.

Innate Acceptance at all levels of my being		
Level	Innate Acceptance	Not Acceptable
Individual	Happiness, Clarity, Peace, Satisfaction, Health, etc.,	Unhappiness, Lack of clarity, Dissatisfaction, ill-Health, etc.,
Family	Mutual Happiness, harmony, Turst, Respect, empathy, etc.,	Conflicts, Misunderstanding etc.,
Society	Fearlessness, Prosperity, peace, etc.,	Fear, Exploitation, Corruption, Wars, etc.,
Nature	Co-existence, etc.,	Resource depletion, pollution, etc.,
What is	Desirable	Prevailing

While showing light on harmony in nature he explained that nature is collection of units made by 4 orders these are Physical order, Panic Order, Animal order and Human order. Physical order is made by soil, water and metals, Panic order is made by plants and trees, Animal order is made by animals, birds and human order is made by human being. He explained that all the three orders are dependent to each other except from human order but human order cannot coexist without these three orders because all units exhibit definite conduct except human being. And human conduct is based on their education-sanskar.

The screenshot shows a video player interface. The title 'Conduct of 4 Orders in Nature' is at the top in orange. Below it is a bulleted list with handwritten notes. A green checkmark is drawn next to the list. The video player controls at the bottom show a progress bar at 01:19:37, a volume icon, and a Windows taskbar with various application icons. A small inset window in the top right corner shows a person speaking.

Conduct of 4 Orders in Nature

- All units around us exhibit definite conduct...
 - except human being
- Material Order: Soil, metals, water...
 - Conduct is based on their **Constitution**
- Pranic Order: Trees, Plants...
 - Conduct is based on their **Seed**
- Animal Order: Cow....
 - Conduct is based on their **Breed**
- Human Order: Human Beings...
 - Conduct is based on ???
 - Conduct is based on their **Education-Sanskar**

Brief Report of National Webinar on Intellectual Property

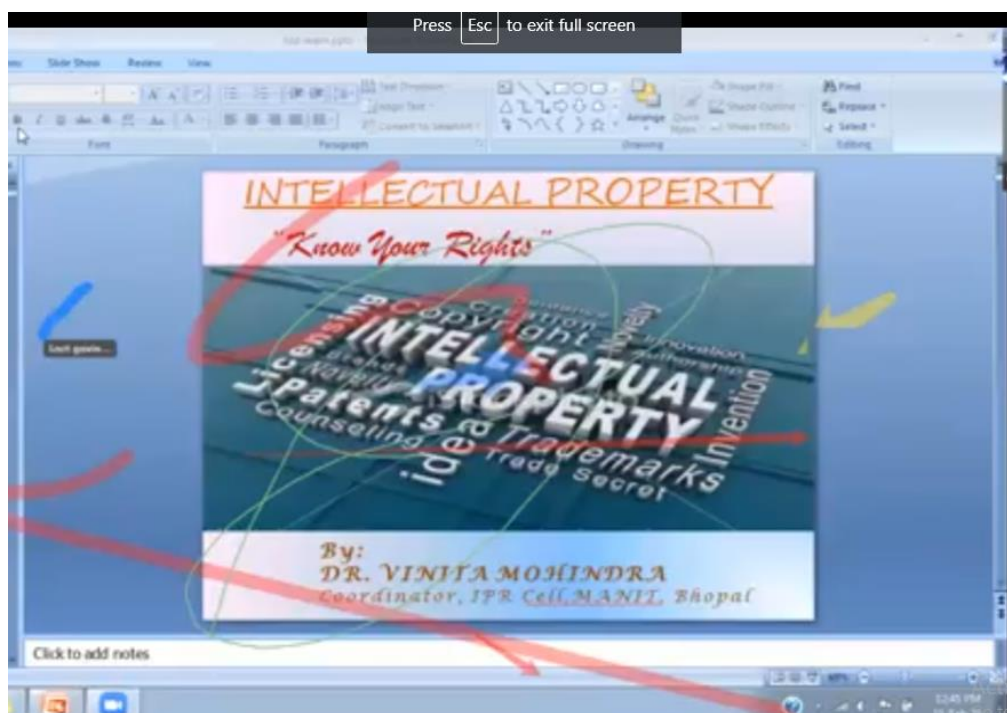

“Know Your Rights” Concept and Overview of IPR

Held on 11th February, 2021 at Sadhu Vaswani

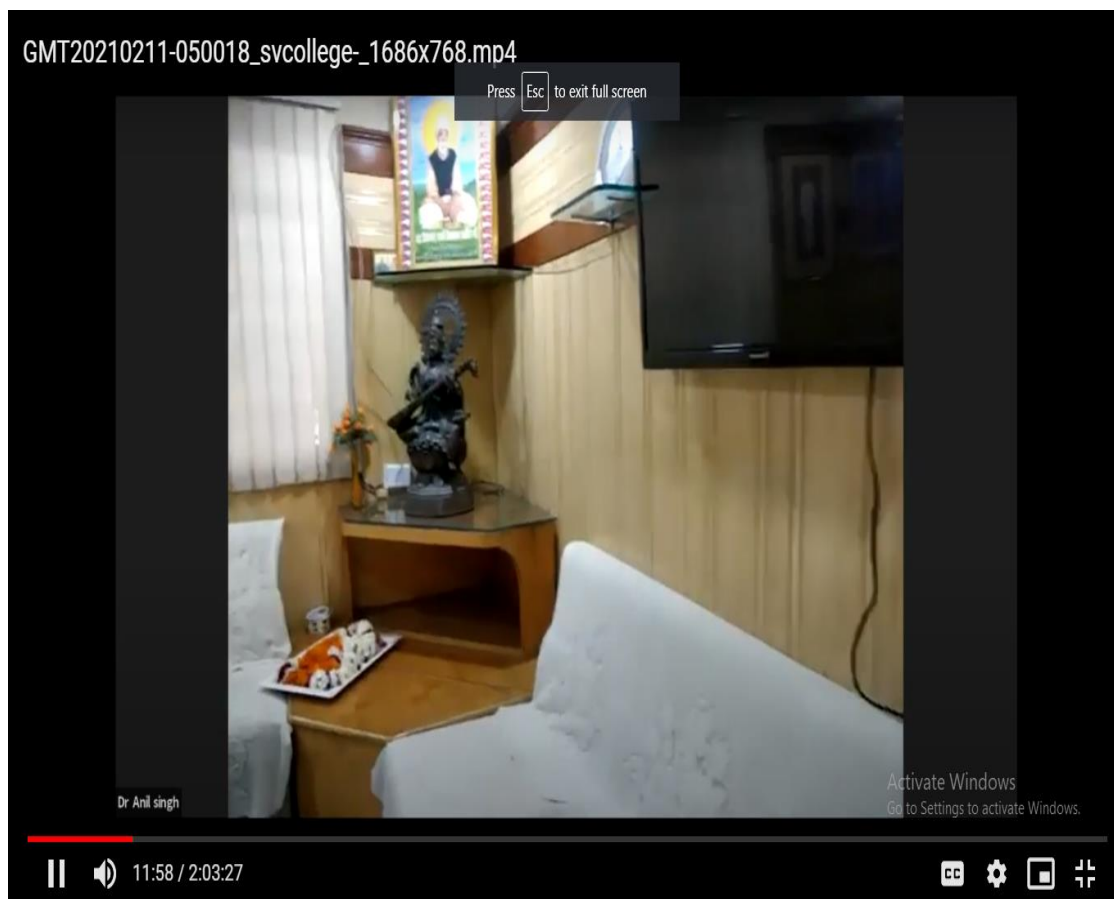

Autonomous College, Bairagarh, Bhopal

Department of Chemistry, Sadhu Vaswani College, Bairagarh, Bhopal organized National Webinar on Intellectual Property “Know Your Rights” Concept and Overview of IPR. On 11th February, 2021. The guest speaker was Dr. Vineeta Mohindra, Professor of Humanities, MANIT, Bhopal. The webinar was attended by about 327 participants on Zoom App Online Platform. <https://us02web.zoom.us/j/7554773380?pwd=RkRnNlJobUxrU2pMRUppVC8xeVVCdz09>

YouTube Link :- <https://youtu.be/CesaMTLa514>

The Webinar started with the Inaugural Programme at 10:00 AM. It was inaugurated by Dr.A.K.Singh ,Principial, Sadhu Vaswani Autonomous College, Bairagarh,,Bhopal,Shri Dayal Das Detani Ji ,President, Sadhu Vaswani education society and Shri Rajendra Manwani ji,Secatary , Sadhu Vaswani education society by lighting the lamp.

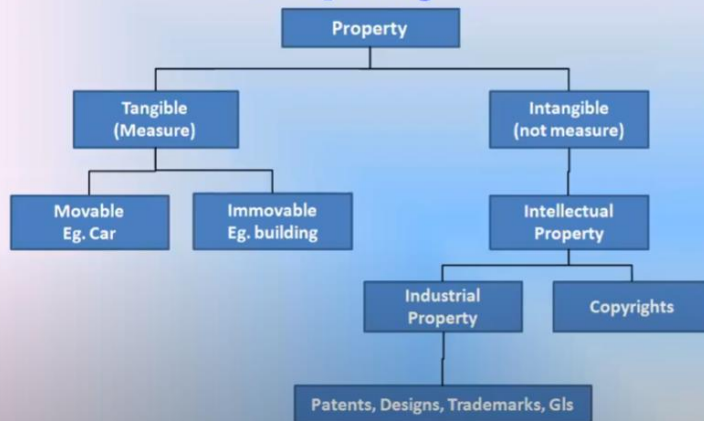

In the inaugural, Shri Dayal Das Detani Ji ,President, Sadhu Vaswani education society delivered the welcome address and and Shri Rajendra Manwani ji, Genral Secatary , Sadhu Vaswani education society gave a motivational speech .A brief introduction was given by Dr.A.K.Singh, Principal, Sadhu Vaswani Autonomous College, Bairagarh,,Bhopal. Dr .Suman Malik academic director of the college and co-coordinator of the webinar brief the audiences about the webinar and Ms Aarti Makhijani introduce the participants with guest speaker Dr.Vineeta Mohindra.

Dr. Vineeta Mohindra explained that Intellectual property rights are the rights given to persons over the creations of their minds. They usually give the creator an exclusive right over the use of his/her creation for a certain period of time. She further narrated that Intellectual property is an asset. it can be brought ,sold, mortgaged, licensed ,exchanged etc ,like any other form of property.

Background of Intellectual Property

Activate Windows
Go to Settings to activate

Dr. Mohindra explained benefits of IPR that it is useful in avoids duplication of research, it is utilizing in published patent specification, transferring invention as public property after expiry of patent, keeps abreast with latest development of technology, making profit/earning royalty by enjoying exclusiveright over our invention/creation, tax saving, bank loans by depositing IPR into bank. Further she explain about the copyrights.

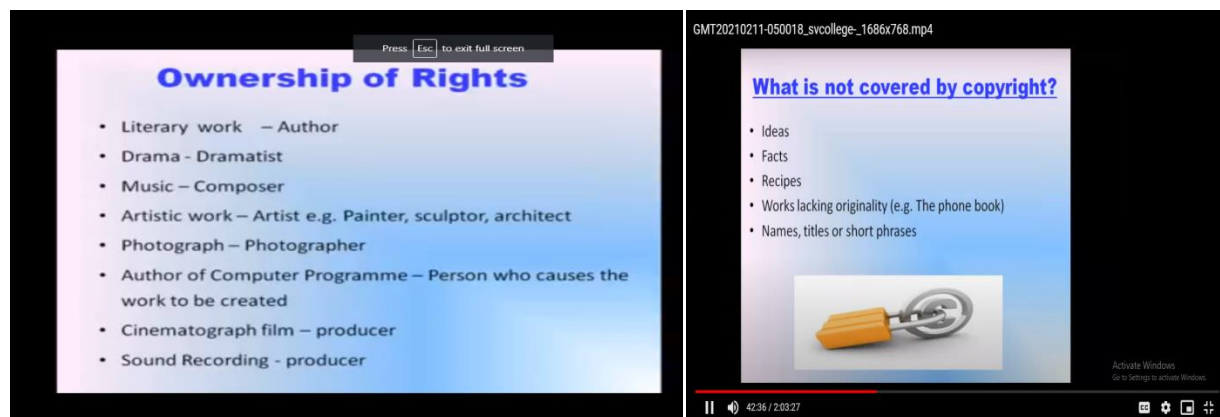

COPYRIGHT

39:42

Activate Windows
Go to Settings to activate V

She narrated that The **Indian copyrightact, 1958** governs the system of copyright in India means it is a right which grants protection to the unique expression of ideas, the team original in the copyright law means that the work originated with the author, her is no requirement for novelty and uniqueness as there is in patent law, copyright law protects the expression of an idea. Not the idea itself. She explained about the ownership of rights.

Further she explained about the patent. A patent is the granting of a property right by a sovereign authority to an inventor. She explained that patent is exclusive privilege or right granted by government to the patentee for 20 years from date of filling priority for commercial gain. The first recorded patent of invention was granted to John of Utynam. in 1449, he was awarded a 20-year monopoly for a glass making process previously unknown in England. The first U.S. patent was granted on July 31st, 1790 to Samuel Hopkins for a method of producing potash (potassium carbonate), an ingredient used in fertilizer. The patent was signed by president George Washington. The first U.K. patent given to John Kempe for weaving in 1311. Further she narrated about the types of patent.

Types of Patents

1. **Utility patents:** Utility patents are used to protect the way an item is used and the way it works.
(new and useful process, machine, article of manufacture, composition of matter or improvements, including **business methods patents**)
2. **Design patents:** Design patents are used to protect the ornamental appearance of an article, i.e. how it looks.
(new, original, and ornamental design for articles of manufacture)
An item may receive both a utility and a design patent.
3. **Plant patents** (inventions or discoveries relating to reproducing asexually any distinct and new variety of plants, example - Basmati rice Patent)
